ayurveda...

the natural life...

Ayurveda, the enigma of herbs has healed human lives over 5000 years. This science of health care and herbal treatment, assures long-term relief on common and complicated ailments without any side effects.

Charaka, the father of Ayurveda with his rigorous studies and compilations of the human body and their ailments that are described in Charaka Samhita. With the deep understanding of this treatise and with an inherent ability to diagnose, Rasavaidya Nagindas Chaganlal Shah took a decision to serve the humanity as a whole.

We are...

It was in 1894, that he took step to set up an establishment called Unjha Ayurveda Pharmacy that would serve the people with Ayurvedic medicines at Unjha in the state of Gujarat, India. The bridge of trust was soon built as the pharmacy was recognized and the nation relied on their medicines. Within a span of just ten years commercial production was envisaged and then on there was no looking back.

Keeping with scientific approach, in the new era of Ayurveda, Unjha Ayurvedic Pharmacy (VIRGO UAP) has started a new manufacturing unit, with advanced manufacturing, quality control and R & D sections at Ahmedabad. Today hundred years down the line there are more than 300 medicines manufactured for the market. A dedicated interest and thrust was given at the turn of the millennium to utilize technology as a specific tool for the production line. Today VIRGO UAP houses, a fully automated factory for its production process, where after packaging is taken care of with the help of sophisticated machinery. Ultimately, a fine-tuned, consumer convenient package is available at the retail outlet.

The Director's Desk

Darshan Shah
Managing Director

Greetings to all!

We welcome you to the enigmatic world of **VIRGO UAP**. It is an opportune moment for all of us to take the advantage of ayurveda in this fast moving times. **VIRGO UAP** Pharma has for over a century now developed a full basket of ayurvedic medicines that has the capacity to heal some of the most common and complicated diseases. The art of dealing with diseases has been mastered. Today, the century old company has been re-engineered to give ayurvedic medicines, a scientific edge such that the potency remains with the added advantage of excellent packaging and total automated process line that makes production faster and easier. **VIRGO UAP** Pharma, at this juncture comes to you in its innovative and young format to spread the smile of good health.

VIRGO UAP Pharma manufactures more than 300 classical and 35 proprietary medicines addressing the myriad needs of today, from psycho-somatic drugs to drugs meant to combat diseases associated with various organs of the human body. Also, with an enhanced scientific research facility, the R&D division of **VIRGO UAP** Pharma is ever alert to the changing world of medicines and our endeavor shall be to find ayurvedic medicines that shall have an impact in the alternative medical world. It has been and it shall be our bottom line to provide world-class medicines to the human race. We depend on our inherent expertise of the past century and on the technological prudence of today to combat diseases of tomorrow.

A brief look into activities of **VIRGO UAP** Pharma might prompt you with many questions. We shall be only happy to furnish you with any further detail that may be required by you. Communications, after all is the bridge to a longer lasting relationship.

Thanking you,

Infrastructure

VIRGO UAP Pharma at this juncture comes to you in its innovative and younger format to spread the smile of good health, without any adverse effects. We have state-of-the-art infrastructure, which is very clean and hygienic as per the norms for a pharma company.

To give ayurvedic medicines, a scientific edge, UNJHA AYURVEDIC PHARMACY, a century old company has been re-engineered and developed **GMP, ISO 9001 : 2015, ISO 22000 : 2018, AYUSH Standard and Halal.** certified manufacturing plant, at Ahmedabad, with automated process line to produce ayurvedic medicines as per the norms assigned for a pharma company.

We have state-of-the-art Quality Control and R & D facilities with advanced instruments for Standardization & Quality control, which make our products at par with international standards.

Mission

Giving scientific edge to Ayurvedic Medicines. Ultimately resulting in products that are at par with International standards.

Vision

To serve the humanity as a whole in these competitive times, attending to the myriad needs of the new world, addressing them and creating medicines that shall uphold the trinity of Ayurveda – A sound physical, mental & spiritual health of one and all.

Quality Policy

Quality control is an integral part of VIRGO UAP Pharma. It is a matter of pride that we have been accredited with **GMP, ISO 9001 : 2015, ISO 22000 : 2018, AYUSH Standard and Halal**. We also follow the quality standards for raw material and finished products, laid down in Ayurvedic Pharmacopoeia of India (API) and Ayurvedic Formulary of India (AFI).

In addition to conventional qualitative and quantitative testing facilities, VIRGO UAP have special testing instruments like Microscope, TLC (Thin Layer Chromatography), U.V. Visible Spectrophotometer, Polarimeter, Karl- Fischer Auto Titrator. This enable us to produce safe , effective and quality ayurvedic and herbal medicines. Ultimately, it is our aim to give consumers, the best quality of ayurvedic medicines.
